

## Utah Farm Bureau High School Meet Questions 2024

1. What are some ways that young farmers and ranchers can diversify their operations and how can Farm Bureau support YF&R members as they do that?
2. One of the biggest expenses in Agriculture today is land. What are some things young farmers and Ranchers can do to combat this issue?
3. How can Farm Bureau continue to provide value and opportunity to welcome members from across the broad diversity of modern agriculture and American farmers and ranchers?
4. Every year there are less people returning to the farm and production agriculture. How can we encourage young people to get involved in agriculture and in their county Farm Bureau organizations?
5. How can Farm Bureau work with energy companies, local governments and rural communities to increase domestic energy production, minimize loss of agricultural land and protect private property rights?

*These questions will be used at the 2024 Utah Farm Bureau State Convention for the High School Discussion Meet only. Each school is allowed to send 2 representatives to compete.*
